

### The President's Corner

Welcome to our meeting tonight! It is always good to see all our friends! A big thank-you goes to Vice-President, Patricia Mohn, for conducting the meeting tonight while I am in Houston, TX with my son's family.

Our exhibits continue to be an important venue for exposure of our art. We appreciate the members who help with registration and set up. Remember, it helps so much to call Bart before the show with all your information about the work you want to exhibit.

We are still appealing to your volunteer side for an overseer of Hospitality for next year. You would see that the coffee water was on at 5:30, tables were up (we will help with that) and volunteers contacted to bring food. We are looking at five meetings with refreshments, unless someone will co-ordinate all of them. We could set up 5 committees, with a chair for each one. Working with your friends makes a big job much more fun. In May, Rosemary Kozak and friends will organize the May potluck...Thank you!

Other openings for positions are: Board Secretary and Vice President.

It was interesting and informative to hear about new products and procedures at the Winsor Newton demo three weeks ago.
