

### The President's Corner

Hello Everyone,  
 It is great to see everyone out tonight. Hopefully, the hurricane effects have been dealt with and all our members have been helped in whatever manner they needed. They say that when the going gets tough, the tough get going! This week, we had a big surprise in learning that our present meeting room would no longer be available after December. The local school district has consolidated six elementary schools into three larger schools. The unused schools were sold. The Warminster Parks and Rec was located in one of these sold schools. The township transferred displaced night classes and meetings to the library meeting room on a permanent basis. In light of these events, the BMAL board got to work. Many inquiries were made. Some venues were not close, some were expensive, and some would not allow food!! With fortitude, the search went on UNTIL a great opportunity came for us. Warminster VFW (near Warminster Diner, Street Rd. on Louis Dr.) has a meeting room and large parking lot; we can bring food and it is FREE. It has been mentioned that we might outgrow our present room. This new room will seat 200! We can bring lots of friends! We will be discussing this opportunity at the meeting tonight. Your board is to be commended for doing much research for a new BMAL meeting room. We will need extra help to set up tables for the Holiday dinner, and thank you in advance if you could help in that area. Those who help with tables and chairs at each meeting are really appreciated. Again, this would be a good meeting to invite a friend to attend. We have a wonderful speaker, Peter Petraglia, tonight. Enjoy the meeting.
