### The President's Corner

Hello Everyone,

Isn't the talent of our BMAL members truly amazing?! We celebrate all of the talent of our BMAL members. Each artist should have a ribbon saying, "Well done!" in this Members' Show.

We welcome all our new and returning members to a year full of good speakers, good friendships, and a good focus on enjoying the arts.

Remember, BMAL has been consistently holding meetings for 60 years! Please consistently attend our meetings this year... Your support is so important.

Please meet and greet as many fellow art lovers as you can tonight... We are known, for good reason, as a friendly group...absolutely true.

### Holiday Giving: Christ's Home for Children

We will once again take holiday gifts to Christ's Home for Children. If you choose to participate, please bring unwrapped gifts to the **November meeting**.

A list of their needs will be sent to you. Thank you!

### Portrait Pointers

**The nose.** A common mistake is that we sometimes make the nostrils too dark and too defined. The nostrils should be inside the nose in the shadow.

**The eyes.** The highlight on an eyeball is very small. If you make it larger than it should be, the eyes look dull and the drawing will lack life.

### Don't miss our November meeting

Steve Zazenski is known for his colorful landscapes. Steve paints in both transparent watercolor and gouache.
